

# Skills That Every Kid Needs To Learn

Children are much like clay, they can be moulded in any form. Whatever skills they learn in childhood go along with them throughout their lives. Here are certain skills that every kid should learn.

**1**

## Leadership Skills

A child should have the necessary leadership skills like team spirit, confidence, decision making, risk taking etc.

**2**

## Swimming

Swimming is a life savior skill. The activity not only keeps a person fit but also inculcates sportsman spirit.

**3**

## First Aid Skills

It is necessary for children to learn basics of first aid to help themselves or someone in case of an emergency.

**4**

## Maintaining Hygiene

Every child needs to know the importance of cleanliness. Teach kids to brush teeth, wash hands & put away dirty clothes by themselves.

**5**

## Money Management

Kids should be taught how to spend money. This will make them financially responsible & also help them learn saving & investing.

**6**

## Health Skills

It is important to make children aware about the physical, emotional and social well-being. Make them participate in games & sports.
